## TECHNICAL DATA SHEET EXTREME TIRE SHINE

Ref. : 7601

UFI n. QK1P-3000-400Y-NR8U

### 1. GENERAL DESCRIPTION

Super Help ExtremeTire Shine guarantees a Long Lasting, Wet, Super Shiny & Silky Look.

Super Help own Formula, employing ultimate, extremely high quality components, offers the best results for restoring & re-looking your Tires.

Just spray and in a few seconds you will see the results!

Super Shiny, Glossy & Wet Finish!

### 2. FEATURES

- Protects the tyre and rubber parts preserving their original smoothness.
- Dries to a clear glossy film.
- Makes rubber flexible.
- Protects against discoloration and oxidation.
- Works by simply spraying the tyre, without wiping or washing.
- Leaves an inert film that repels dirt.
- No influence on drive and brake behaviour when applied properly.
- Overspray will not affect paint or wheel surfaces; it simply wipes off.
- Aerosols use butan-propane propellant to maintain high pressure to the very last fluid in the can.

### 3. APPLICATIONS

Tyre cleaning and shining for:

- Cars
- Trucks
- Busses

### 4. DIRECTIONS

- Tire must be clean, cool and dry.
- Shake well before using.
- Spray generously and evenly over the tyre from approx. 30 cm. Absolutely avoid overspraying on brake parts and floors.
- Do not over-apply! Wipe off any overspray from rims or painted surfaces.
- Do not use on bicycle, motorcycle, any other two-wheeled vehicles or on any other surfaces.
- Apply the product only on the shoulders of the tire, avoiding any contact with the tire treads area.
- Wait 10- 15 minutes after applying to avoid sling-off. If the product is over applied, the unabsorbed product may spin-off tires onto the other parts of the car.
- To prevent staining or slippery conditions in case of overspray and/or contact with concrete, asphalt and cement, thoroughly remove the product by cleaning with a detergent.
- In case of contact with brake parts do not drive before properly cleaning the brake disc, pads & parts.

### 6. PACKAGING

aerosol : 12 x 600 ml

Bar code Nr. 8028687076011

Date : 31-08-2023
